

NEXT NALOXONE

the grand rapids
Red project

**NEXT NALOXONE
IS AN ONLINE RESOURCE FOR
NALOXONE ACCESS
INCLUDING MAIL-BASED DISTRIBUTION FOR
LOW & NO-ACCESS COMMUNITIES.**

NEXT Naloxone is designed for people who can't access naloxone through pharmacies, syringe exchange programs, or by other means. Thanks to a partnership between NEXT Naloxone and Red Project, all Michiganders have the ability to become trained opioid overdose responders and be equipped with naloxone. We are dedicated to ensuring access to naloxone regardless of one's ability to travel, self-advocate, or afford the life-saving medication.
